

Update: June 29, 2020

General Guidelines:

1. Wear a face mask: if you are not in your apartment, we ask that you wear a face mask. That includes common areas, hallways, laundry rooms, etc.
2. Hand sanitize any time you enter the building or enter a common area. This will prevent outside germs from spreading into our community.
3. Social distance: Please maintain a 6ft distance between you and others while in the building.
4. Postpone Visitors: Please ask visitors to be vigilant with their own health. Ask that they postpone visiting if they are sick or showing any symptoms of fever, cough, loss of taste/smell, shortness of breath.
5. Deliveries: Deliveries can now be brought into the building, but delivery person is required to wear a mask.

Social Distancing Policies:

- **MASKS:**
 - RESIDENTS: Strongly encouraged when using common spaces and when in groups while outside. Not required when outside and practicing social distancing. Example: Outside when gardening alone it is understandable if you choose not to wear a mask.
 - VISITORS: Mandatory when inside building, strongly encouraged when outside in groups
- **VISITORS**
 - Still strongly encouraging limitation of non-essential visitation, but understand that meeting with family is important for mental health and well-being
 - Encourage outside visitation rather than inside if possible.
 - Visiting residents in common areas or apartments is permitted if outside meetings are not possible and if social distancing is practice. Communities will make a couple areas available for visiting family inside. Add cleaning supplies and make sure these areas are regularly cleaned.

Additional Guidance for Senior Living Communities:

- **Gathering:**
 - At this time we would like to begin allowing groups of 4 or less to congregate in the common areas. Please adhere to all guidelines above, including wearing masks and social distancing.
 - Community events are still on hold, as well as puzzles in the common areas.

- **Meals:**
 - We will continue to offer meals TO-GO, but unfortunately are not ready to have meals held in the dining rooms yet.
- **Hair Salon:**
 - We are allowing the hair salons to open to residents only right now. We hope to open that up to outside clients in the near future.

We appreciate your patience as we look to the State for guidance on how to navigate this unprecedented time.
